

Helibound Helipads

Helibound Helipads Surface Treatment Systems

FIVE -YEAR PERFORMANCE WARRANTY

Subject to the following terms and conditions, Helibound LLC warrants to the Buyer that the Helibound Helipad Surface Treatment Systems sold to the Buyer will be free from manufacturing defects at the time of completion of its job installation application, installed onto a prerequisite preparation standard established in writing prior to sale.

If upon inspection by the Seller the Product evidences manufacturing defects, Seller's liability and Buyer's remedies are limited, at Seller's option, to repair, to recap, to roll coat, or replacement of the defective product, at the F.O.B. point in the original contract of sale. The Seller further warrants that the Product will not prematurely deteriorate to the point of bonded failure because of helicopter traffic for a period of (5) years from completion date, where the Product is used for its intended purpose as a Helipad Surface Treatment.

Buyer shall give Seller notice of a claim under its warranty within (30) days of discovering premature deterioration of the product. If upon inspection by the Seller, the Product shows premature deterioration because of helicopter traffic within the (5) year period stated herein, the Seller's liability and Buyer's remedies are limited at the Seller's option to the providing of repair materials for the Product, recapping of the Product's top coating, roll coating Product's top coating, or issuance of credit to be applied toward the purchase of the remaining un-expired warranty at the current price for the Product. The maximum value allowed by Seller for replacement shall not exceed the original Product purchase price. This warranty excludes the Seller for responsibility or obligation to the Buyer stemming from acts of God, damages from improper maintenance and/or use of unapproved cleaning materials, product vandalism by ways of marking, scarring, or puncturing resulting from objects such as knives, high heels, or any such objects of likeness, or machinery not intended for trafficking on the helicopter surface. The Helibound Helipad Surface Treatment Systems are warranted as a bondable surface, free from edge releveling, bubbling, or loss of cushion integrity. Removal of, or alterations to Product surface by anyone other than an authorized applicator will in effect terminate the Product warranty. The seller must receive an authorized original hard copy of this warranty document in order to engage and activate the Product warranty.

WARNING Surface temperatures can prove potentially dangerous under extreme heat. Shoes and/or socks must be worn during abnormally hot weather conditions.
